

Dennis Palmerini

President | CERTIFIED FINANCIAL PLANNER™

PALMERINI WEALTH SCIENCES

Your Personal Financial Scientist

20 THINGS YOU DIDN'T KNOW ABOUT DENNIS UNTIL NOW

What are 3 words people use to describe you?

Honest, caring, passionate.

If happiness was the national currency, what kind of work would make you rich?

Helping people make well-educated financial decisions. The same work that I'm doing today.

Name one thing not many people know about you.

I was in the movie *School Ties*. The movie was shot in Acton, Massachusetts. I worked for several days on set as a background actor. I played soccer on the soccer field which was behind the football field where some of the main scenes were shot.

What did you want to be when you were a child?

A baseball player.

What are you most grateful for in your life?

The honesty my mother instilled in me.

What is the best advice you've ever been given?

Believe in yourself and don't listen to people who make derogatory comments about you or how you are managing a project.

What are your Top 3 all time favorite movies?

The Godfather, 12 Angry Men, Enter the Dragon.

What is your greatest achievement and how has it shaped you?

Starting my own business as an independent CERTIFIED FINANCIAL PLANNER™. It taught me to believe in myself and to work hard to achieve my goals even when things don't work out as planned.

What book has influenced you the most and why?

The Four Agreements. It helped me to master my internal dialogue and better understand other people's perspectives.

What one thing have you not done in your life that you really want to do?

Travel to Italy.

“ I have the privilege
of getting involved
in people’s lives,
finding out what
their concerns are,
and then providing
solutions to get
them to where
they need to be. ”

What is your favorite quote and who said it?

“All that I am or ever hope to be, I owe to my angel mother.”

-- Abraham Lincoln

If you could have dinner with any one person, living or dead, who would they be and why?

My mother. She passed away in 1996 before I realized how much she did for me and my siblings when we were children.

What words of wisdom would you pass on to your childhood self?

Believe in yourself and follow your intuition. The world is a place of unlimited possibilities and thoughts become things. If you consistently think positive thoughts about anything you want to do in life, you will eventually make great things happen.

List one thing you wish you could change about yourself?

I wish I could learn to be more comfortable with traveling outside the USA.

If you could speak to everyone in the world at the same time, what would you say?

Human beings are flawed because cognitive distortions make it difficult to tell the difference between fact and fiction. People often form opinions in their minds that have no basis in truth. If we all recognize this fact, we will step outside the false reality we’ve created in our minds, allowing us to see the world much differently.

Who is one of your heroes and why?

My mother. She was left alone without co-parenting support to take care of her three young children. She only had a high school education and didn’t know how to drive. However, she found a way to attend classes at the community college during challenging circumstances, which improved her future employment opportunities and taught her children the value of an advanced education.

What is your most treasured memory?

Playing baseball, football, basketball, or Wiffle ball in the backyard with neighborhood friends while growing up.

If you could have the answer to any one question, what would that question be?

I believe that I am living my true purpose through my work, but is there some other service I should be providing to society in addition to my financial planning practice?

If you were to die tomorrow, what would be your biggest regret?

I did not have enough time to create a dynasty trust that could continuously donate to various charities.

If you could live in a book, TV show or movie, what would it be and why?

That’s an easy one. I would want to live in the book *Encyclopedia Brown*. I love to solve mysteries and really enjoyed reading those books when I was a child.
